Reference: **I Peter 5:8** (see screen)

The book of Daniel consists of two sections:

- **chapters one** through **six** are \_\_\_\_\_
- **chapters seven** through **twelve** are \_\_\_\_\_

In wrapping up the end to the first half of this book the **BIG IDEA** is that Daniel finished \_\_\_\_\_.

**Dr. Robert Clinton** devoted his entire career to the study of leaders and determined that there were four different kinds of finishes that are relevant to us. Some:

- finished \_\_\_\_\_ - \_\_\_\_\_.  
Finished pre-mature means those persons were removed from leadership through assassinations, through being fatalities in battle or through being prophetically denounced or overthrown.  
Examples: **Abimelech, Samson, Absalom, Ahab, Josiah, John the Baptist** and **James**
- finished not so \_\_\_\_\_.  
Finished not so good means these individuals were going downhill at the end. In some cases it meant a significant downgrade in their closeness to God or it was just incompetence or an absence of commitment or both.  
Examples: **Gideon, Eli, Saul** and **Solomon**
- finished \_\_\_\_\_ - \_\_\_\_\_.  
Finished so-so means these people didn't do what they could have done or didn't do what they should have done. They didn't complete what God had for them to do.  
Examples: **David, Jehosophat**, and **Hezekiah**"
- finished \_\_\_\_\_.  
Finished strong means that these leaders were close to God and finished their divine assignment up to and including the end.  
Examples: **Abraham, Job, Joseph, Joshua, Caleb, Samuel, Elijah, Jeremiah, John, Paul, Peter...**and **Daniel**
